#14 Alone With Others An Existential

Being-with-others is an essential structure, restricted to the dimension of possibility; but in the process of actualization it assumes an existential structure through which we actively participate in the world with others.

Approach To Buddhism
Stephen Batchelor

Loneliness is an unpleasant emotional response to perceived isolation. Loneliness is also described as social pain—a psychological mechanism which motivates individuals to seek social connections. It is often associated with an unwanted lack of connection and intimacy. Loneliness overlaps and yet is distinct from

Access Free Alone With Others An Existential

solitude. Solitude is simply the state of being apart from others; not everyone ...
